- Ribbon or crocheted ties

Abbreviations

- ch - chain
- hdc - half double crochet
- dc - double crochet
- sp - space

Instruction preview

Crown shaping begins from a magic ring so the top sits smooth against the head. Increase evenly for six rounds, then work even until the depth matches the chart.

Face opening rows are turned rather than worked in the round. This keeps the shell edge crisp and helps the bonnet frame the face instead of falling outward.

Tie finishing: either stitch a narrow i-cord style chain tie or thread ribbon through the final eyelet round for a softer gift finish.

Why buyers trust a good pattern PDF

- Clear row counts reduce support messages.
- Readable spacing makes the PDF feel premium on mobile and print.
- Structured sizing and finishing notes increase buyer confidence.

Licensing and delivery note

Recommended store language: this PDF pattern is for personal use only. Finished handmade items may be sold in small quantities with credit to the pattern designer if that suits your policy.

Preview note: the paid file should include the full stitch counts for both sizes plus a one-page printer-friendly condensed version.
